Blog #2: Understanding the Feed Program: Dual Fuel

Blog #3: 2 Part Autopot Dual Fuel Feed Program is Formulated to Deliver Amazing Results in AutoPot Watering Systems

Feed Program Benefits:

pH Stable

When properly mixed, the AutoPot 2-Part program sets perfectly in water at a pH between 6.0 – 6.2, making it one of the easiest and most reliable fertilizers on the market.

Packed with Essential Ingredients

The AutoPot 2-Part program is hyperconcentrated, with an average application (depending on plant age, size, and stage) coming in at 1.0 – 2.0 ml per liter.

Highly Concentrated

Dual Fuel 1 & 2 are hyper-concentrated, with the average application (depending on plant age, size and stage) coming in at 1.0 – 2.0 ml per liter."

Easy to Use 1:1 Ratio

The base nutrients in the AutoPot 2-Part program are designed to be mixed at a 1:1 ratio in both vegetative and flowering growth

Extremely Water Soluble

The AutoPot 2-Part feeding program is designed to be extremely water-soluble. This characteristic of the AutoPot 2-Part feed programs leads to a cleaner reservoir, fewer clogged lines, and an AutoPot system that requires less maintenance overall.

Feed Program Contains:

2 Part Base Nutrient - Dual Fuel 1 & 23 Additives Nutrients - PK Spike / Rezin / Vitathrive
